Title: English Oak

GPS: -33.57268,115.82369

My tree is the old English oak in Donnybrook that was planted between 1890 - 1893. My son had been doing the Easter egg hunt under this tree for the last 4 years and it is just magical standing beneath its canopy spread of 24 meters. The light coming through is like glittering gold. Absolutely magical.
