

## **One Tree Art Prize**

**Artist:** Deborah Robins

**Title:** Life lives on

**GPS:** -30.839176,117,903775

When you look you see an old dead tree  
But look more closely and you will see  
In my arms the birds make homes  
giving shelter all year round  
In my trunk insects play, even field mice  
make their homes getting shelter, under my toes  
So look again and you will see.  
I'm very much alive  
So admire my strength and beauty within.
