**Artist:** Ian Pavey

**Title:** Peppermint Gum - Margaret River

**GPS:** -33.961218,115.144882

I was mountain biking late in the afternoon off Rosa Brook Road heading into the forest tracks. The ominous grey sky to the east was a counterpoint to the golden evening sun which illuminated this stately peppermint tree perfectly. Then the familiar sound of a pair of Karaks cut through the silence. Subject locked in there and then.
