Title: Shades of Marri Angus

GPS: -33.676932, 115.229817

My tree is one that I drive past almost every day, and walk past on most of them while walking my dog. The paddock it is in, is the nursery paddock for the Angus cattle 'mothers-to-be'.

In my painting, they are having a much-needed siesta in the shade of this lovely old Marri tree, only days from giving birth to their calves. I always find this to be a calming, peaceful spot on the way to 'busy'...
