Title: Stadtwald wiese in Krefeld

GPS: 51.352141,6.581635

This tree was taken as a photo in Krefeld, Germany in March/April 2021, springtime, when I saw my 17 months old Great grandson Rayne, running spontaneously to the tree, the moment he saw it, hugging it happily and smiling back at us.

When I looked later at the photo, I saw the tree smiling back at Rayne in a kind and benevolent way.

The paint I used for this painting is a mix of acrylic and water colours.

The title can be: **Stadtwald-wiese in Krefeld** or, **The Little Tree-hugger** or, **The Boy, the Tree, sharing smiles.**
