Title: The Onky Ponky Tree

GPS: -32.01726,115.91822

My chosen tree is at Fern Place, Wilson WA. When I sat on site and sketched it prior to starting the painting, one the residents came out to check out what was happening - he told me the kids of several families had loved playing in it and call it “The Onky Ponky Tree”. I have titled the painting of the majestic river gum with this name.
